RE: Tenth Progress Report  
Administrative Order on Consent for Removal Action  
Wells G&H Superfund Site  
Olympia Nominee Trust Property  
60 Olympia Avenue  
Woburn, Massachusetts  
CERCLA Docket # 01-2003-0023

Dear Mr. Gardner:

GeoInsight, Inc. (GeoInsight) prepared this progress report to describe activities completed at 60 Olympia Avenue in Woburn, Massachusetts (the Property) during the Ninth progress report period. This progress report was prepared in accordance with the March 17, 2003 U.S. EPA Administrative Order on Consent for Removal Action (CERCLA Docket No. 01-2003-0023; the "Order"). The progress report was prepared by GeoInsight at the request of Olympia Nominee Trust, current owner of the 60 Olympia Avenue property.

The information is presented in two categories: 1) information regarding activities in the surface soil area impacted by polychlorinated biphenyls (PCBs); and 2) information regarding activities involving subsurface soil and ground water impacted by trichloroethylene (TCE).

#### **PCB-Impacted Area– Removal Action**

During this reporting period, activities related to the PCB area were not conducted.

#### **TCE-Impacted Soil – Assessment and Remedial Planning**

The United States Environmental Protection Agency granted a one-week extension for the Revised TCE Work Plan submitted on January 28, 2004.

Please contact us at 978-692-1114 if you have any questions or if you would like to discuss this project.

Sincerely,  
GEOINSIGHT, INC.
